

CHILDREN'S INTERNATIONAL RESCUE FOUNDATION

PROTECTING CHILDREN. DISRUPTING TRAFFICKERS. RESTORING HOPE.

Where Trust Meets Action

Children's International Rescue Foundation (CIRF) is a veteran-led operational partner to law enforcement fighting child exploitation internationally as well as locally. We move only on vetted intelligence and established government relationships, never speculative deployments, pairing trained law-enforcement and military veterans with disciplined operational planning to turn credible leads into rescues, arrests, and prosecutions. Every mission reflects responsible stewardship of donor resources, deploying only what the case actually requires.

The CIRF Approach

TRUSTED PARTNERSHIPS: CIRF works inside established relationships with government and law enforcement, respecting local jurisdiction and strengthening the agencies responsible for the case.

CASES BEFORE TRAVEL: We do not deploy teams to fish for victims. Travel follows meaningful case development, exhausted investigative techniques, actionable intelligence, and a defined operational objective.

EXPERIENCED OPERATORS: Operational participation is based on capability - not the ability to fund a trip. Teams are composed of trained, experienced law-enforcement veterans, military members and mission-specific professionals.

DISCIPLINED STEWARDSHIP: Written SOPs, operational planning and lean deployments help us use the minimum resources necessary to accomplish the mission effectively.

ACTIVE INVESTIGATIONS

WHAT YOUR DONATION MAKES POSSIBLE

INVESTIGATE

Locate trafficking networks and identify vulnerable children through intelligence, surveillance, cyber investigation, and undercover operations.

RESCUE

Work alongside local law enforcement to safely remove children from dangerous trafficking situations.

PROSECUTE

Gather the evidence law enforcement needs to arrest and prosecute traffickers.

RESTORE

Provide rescued children with vetted aftercare partners for medical care, shelter, clothing, counseling, and ongoing support.

A GLOBAL PROBLEM, A LOCAL IMPACT

CIRF operates internationally and here at home. When you help CIRF stop a trafficker in Colombia, Ecuador, or elsewhere, you aren't choosing between protecting children abroad and protecting children at home. **You're doing both.**

YOUR SUPPORT CAN HELP TURN INTELLIGENCE INTO ACTION.

GIVE. EQUIP. RESCUE. PROTECT.
